Premium Wines by the Glass

The Coravin™ wine preservation system has allowed us the opportunity to bring you a sample of exceptional wines by the glass. The Coravin™ works by inserting a needle through the cork which allows us to access the wine without opening the bottle and exposing it to oxygen. Argon gas is used to displace the wine, which keeps the rest of the bottle in pristine condition.

Winery of the Month

Nautilus began making wines in 1985 – the early days of Marlborough winegrowing. A small, family-owned winery based in the stunningly beautiful Marlborough region of New Zealand. Aiming to craft delicious, food-friendly wines from the clean, cool and diverse valleys of Marlborough. The striking Nautilus shell - its shape expressing natural beauty and mathematical perfection - is our inspiration to create a collection of expressive, textural, precisely crafted wines. Our energetic and innovative viticultural and winemaking team takes the approach of blending several different fruit parcels to achieve layers of complexity in the wines, focusing on their texture and mouth-feel. Our state-of-the-art but small-scale winemaking facilities give them the tools to achieve this. Whilst Nautilus wines can easily be enjoyed on their own, we believe they are even better when paired with delicious food and the philosophy of creating food-friendly wines is paramount for winemaker Clive Jones.
